

A Sermon on Translation

Sermon by Rev. Minister Angela Smith of COPE for June 23rd, 2024 (and beyond)

This sermon is experimental and in hypothetical format. It is meditative and the product referenced is available here: <https://amzn.to/450cTjR>

Hypothetical: I'm using Dragon speech to text translation software to type this message. So far so good. It is typing what I say verbatim. I suppose that means I communicate no scratch that I speak clearly. I need to delete some of this... What? No, I'm on the computer, please take a message. Shit. It just typed all that? Now I need to delete all of this and start over. Open new file. Close file. Open new file. I'm not doing this correctly. I'm just going to close it. No I don't wish to save this file.

Just another day in June... Happy Summer!

Please meditate on them as long as you like. Thank you for joining this week's service.
